Lactiflora. Parentage not recorded. First bloomed before 1992. Bomb form. Mid to late season. No pollen, but forms seeds.. Large, rich medium pink flower opens easily, center builds as flower matures, very fragrant, good substance. Ball form, 3 to 4 buds per stem. Medium height (34"), strong grower, broad bush, stems hold up well in flower, good foliage color, good landscape value. Similar to Mons. Jules Elie, opens a week to ten days after. Named for family member. Seedling number 2584.
