Seedling A-77. Parentage: dwarf hybrid seedling x 'Lady Alexandra Duff'. SINGLE flower form. Early midseason. Somewhat irregular and tall mauve-pink guards with thin white flares extending almost all the way to the petal edges. Average of two green carpels with pink stigmas. Pale pink filaments. The fairly small (9 cm; 3½ inches) flowers are held somewhat above a relatively short (50 cm; 19 inch) plant. Fairly narrow leaflets all the way down. One flower per stem.
