

## SONOMA SURPRISE

*Posted on 2018, March 27th by The Peony Society*

*For images please visit the website.*

Yellow/peachy/purple, single, midseason, 34" tall, intersectional. The surprise is the variation in the appearance of the bloom. It may be half yellow with purple/magenta striping, or peachy apricot with bold stripes. Each bloom is individual. Perfect for those who enjoy the unexpected! A few side buds are present which will provide longer bloom time. Some instability in flower form caused by the inter- species cross. Not currently registered with APS at this time.
