Parentage: Lactiflora Gp 'Zi Feng Yu' x unknown by open pollination. First bloomed 2003. Early midseason flowering. DOUBLE flower form, 2–4 flowers per stem. Guard petals are pink with a suggestion of lilac, a color described by the originators as "powder blue". The flower is 12.1 cm (4¾ inches) diameter, by 6.7 cm (3 inches) in height. Carpels and stigmas vestigial, stamens absent. Fragrant. Upright growth habit to 83 cm (33 inches) in height. Mechanical support not needed.
